

**SPRING** 2011

# NEWSLETTER

**Winter is winding down**, I hope, and my best advice to prairie homeowners is to be prepared for the summer by planning ahead. Whether you are looking for a landscape design, needing tips on planting or would like referrals to great companies around Regina who can help with your landscaping needs Thrive can help with all of the above. March 24-27 is a date you will want to mark

on your calendars to check out the Spring Home Show because it seems there might be more landscaping companies and ideas than ever before so you are sure to be inspired! Please stop by Paradise LeisureScapes Outdoor Living Expo where I will be talking to attendees about design options and showing off the lovely show space I have designed for Paradise.

## FEATURE project

This 1950's bungalow set on a corner lot of a crescent had a large backyard that needed to be restructured to utilize the space better and a front yard that needed curb appeal and plant recommendations. The homeowners love of cooking and entertaining was incorporated into the back yard plan by designing a large patio that extends out into the yard to catch some afternoon sun which is surrounded by built in planters that will house their herb garden that is mere steps away from the grill. The front yard has prairie hardy perennials and fruit bearing shrubs which provide more ingredients for the bbq as well as ornamental value.

Landscaping done by: Blue Skies Landscaping and homeowners
